

THE KINGDOM CULTURE REPORT

Submission Categories & What We Are Seeking

Protecting Identity. Promoting Purpose.

Website: www.happikidzkingdom.com

Email Submissions: magazine@happikidzkingdom.com

The Kingdom Culture Report exists to address cultural pressure with Christ-centered conviction and elevate stories of real spiritual transformation.

All submissions must be faith-based and glorify God. This publication is committed to protecting identity and promoting purpose through faith in Christ.

1. Faith Story Feature

We are seeking real, faith-centered testimonies from individuals of any age — youth or adult — who have faced cultural pressure, internal struggle, or moral challenge and responded with conviction rooted in Christ.

- Identify a real cultural pressure or identity challenge
- Clearly explain how faith shaped the response
- Demonstrate transformation, growth, or measurable impact
- Reflect courage, obedience, and spiritual conviction
- Offer guidance to others navigating similar struggles

Each Faith Story must answer the required question: “What advice would you give someone struggling with their faith and the negative influences of today’s society?”

2. Next Generation Spotlight

We are seeking youth and teens who are standing firm in identity and purpose in today’s culture.

- Choose conviction over popularity
- Demonstrate leadership rooted in faith

- Show courage in environments of peer pressure
- Represent Christ in school, athletics, academics, or community life
- Make countercultural choices that reflect biblical identity

This category is not about achievements alone. It is about faith-rooted identity in action.

3. Kingdom Leadership Feature

We are seeking adults who are strategically shaping culture, mentoring youth, and influencing families through intentional faith-based leadership.

- Address cultural pressures affecting today's generation
- Equip youth with identity and conviction
- Implement structured discipleship or mentorship models
- Demonstrate measurable spiritual or behavioral impact
- Lead with both biblical clarity and cultural awareness

This is not a biographical highlight. It is a strategic feature on leadership impact.

4. Organization Spotlight

We are seeking faith-based schools, ministries, and nonprofits that use structured approaches, intentional systems, or clear frameworks to impact youth development.

- Address cultural pressures affecting today's generation
- Implement faith-centered identity formation strategies
- Use structured programs, curriculum, or mentorship models
- Intentionally protect and reinforce biblical identity in youth
- Produce measurable transformation or long-term impact

This category recognizes intentional, framework-driven influence — not random activity.

5. Parent Strategy Voice

We are seeking parents who are intentionally implementing faith-based values, character development, and identity formation within their children.

- Provide practical, actionable faith strategies
- Reinforce biblical identity in the home

- Address modern cultural pressures with clarity
- Model consistency between faith and behavior
- Offer leadership-minded guidance to other families

This category is strategic and solution-oriented. It is not emotional storytelling — it is faith-centered leadership in action within the home.

Faith Alignment Requirement

All submissions must be Christ-centered and aligned with our mission to protect identity and promote purpose.

The Kingdom Culture Report reserves the right to decline submissions that do not align with our editorial standards.
